

VERDOT
SINGLE-USE
SYSTEMS

Start Small,
Think Big.

Choose
FlexiPro™
Chrom

VERDOT
SINGLE-USE
SYSTEMS

Choose Versatility

Scalable from process development to **GMP** commercial manufacturing

**One System,
All You Need.**

Development

Clinical

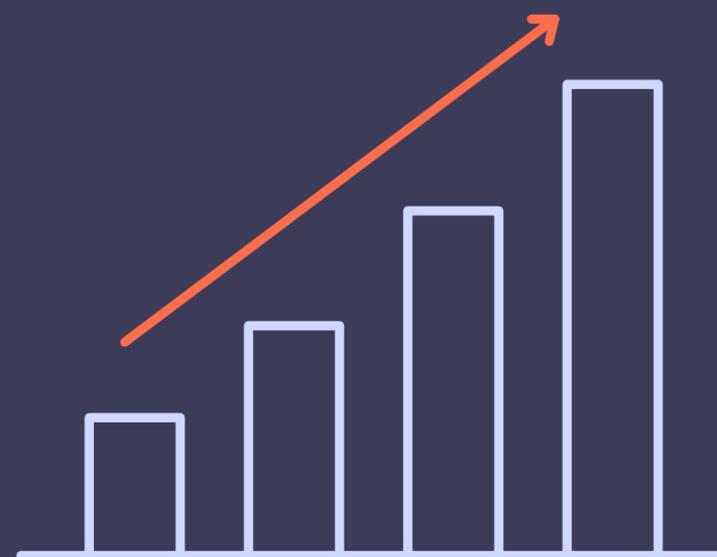

Commercial

VERDOT
SINGLE-USE
SYSTEMS

Choose Flexibility

Widest processing range
in a single **GMP** system
(10 mL/min to 9.3 L/min)

**Change the Flow Kit,
Not the System.**

VERDOT
SINGLE-USE
SYSTEMS

Choose Ultra Low

Small scale GMP processing
for advanced therapeutics
(10 to 110 mL/min)

**Advanced Processing
For Small Batches.**

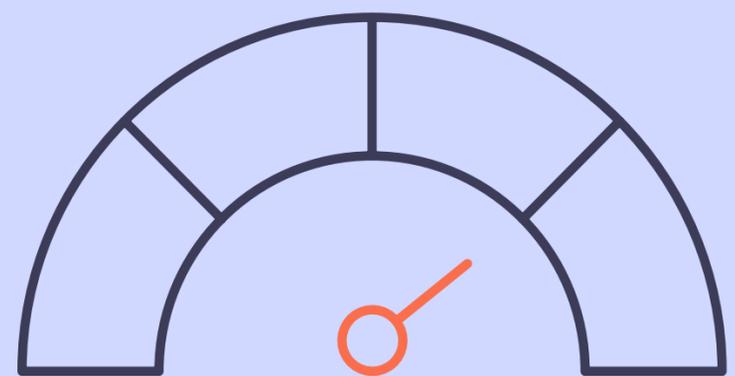

VERDOT
SINGLE-USE
SYSTEMS

Choose Control

High precision instrumentation
for **gradients & inline dilution**

**Optimal Performance
For Maximum Yield.**

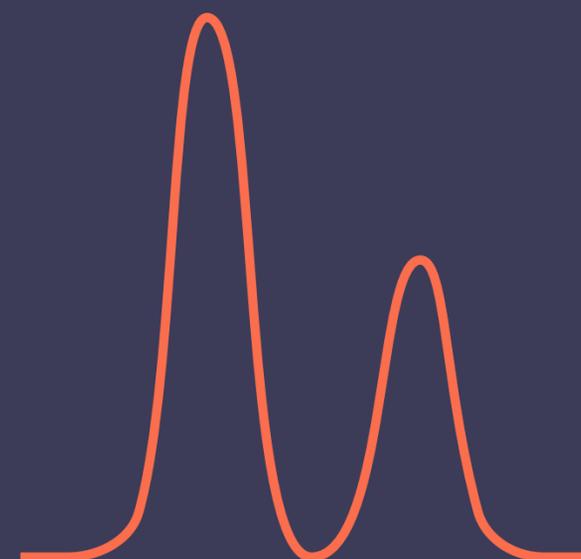

VERDOT
SINGLE-USE
SYSTEMS

Choose Sensitivity

UV measurement of low
concentration contaminants
down to 0.001 AU

**Higher Sensitivity
For Lower Detection.**

VERDOT
SINGLE-USE
SYSTEMS

Choose Intuitive

Mistake-proof installation
with **one-piece** Flow Kits

Ease of Use.
Ease of Mind.

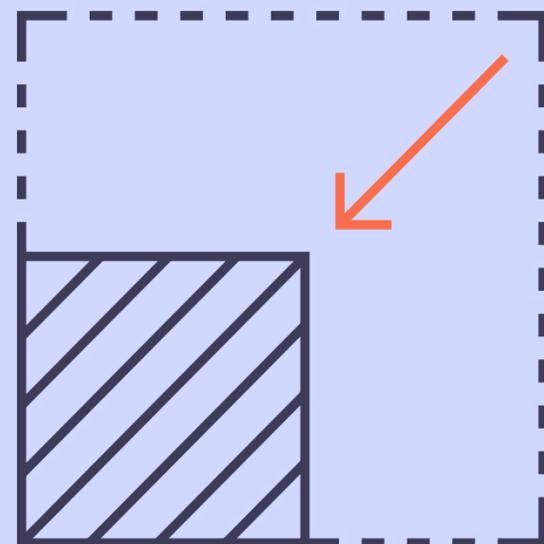

VERDOT
SINGLE-USE
SYSTEMS

Choose Compact

One system is all you need
from **capture to polishing**

**More Room In
Your Cleanroom.**

**Choose
FlexiPro™ Chrom!**
